# FELTING RUG

# WORKSHOP

Instruction by Flóra Carlile-Kovács

Come join Flóra and 12 lucky students for a 3-day workshop learning the world's most ancient textile technique – felting. We will first create a sample, using beautiful colors of hand-dyed fiber. Once you have the technique down, we will make a rug approximately 3x5 using the cut-out technique with powerful Kirghiz design. Flóra is a wonderful teacher who has found her passion and medium and shares it willingly with her students. The possibilities are endless working with wool fibers - surface textures, densities and colors, two and three dimensional works. Find your creativity by using this expressive medium in an instinctive and spontaneous process. Note: Some felting experience required.

**Bring the following materials:** Sharp & pointy scissors; paper/plastic cutting scissors; 1 box pins; 1 foam noodle; olive oil soap in container; sprayer container for water; ball brauser sprinkler or watering can; 4x7 bubble wrap; tape; 4x7 cotton sheet; plastic; curtain sheer; blue tarp or 2 mill drop cloth (to put under table); optional: table risers; comfortable shoes; camera; accent fibers - such as novelty wool yarn. Pack a lunch.
